- *The Cleaners who work for the library will be shampoo all the rugs on the old side. They also will be painting the rooms on the old side also.*
- *Brenda Giovanneillo who is the director of ALIS has make some recommendations to have additional cabling run from each location currently attached to hubs back to our router/switches location. ALIS will provide additional switches located near our current router/switches, as necessary to accommodate the additional connections needed. There are too many hubs in different locations to put switches in all those locations.*
