**DIRECTOR'S REPORT**  
May 8, 2013

- Frank Marino was here on Friday, May 3<sup>rd</sup>, to inspect A-1 work. Although A-1 said they were finished, Frank found some unresolved issues that they needed to be done.
- Frank Marino does not want Stasi- Brothers to start working in the parking lot on stucco until A-1 complete all of his work. So hopefully A-1 will be finished in about 2 weeks.
- Marty's Landscaping submitted a proposal for 2013 spring landscaping. There are no major changes in the contract.
- WHM Plumbing of the Fire Inspector was here today for the inspection. The sprinkler system passed but the units on roof can not be on wooden beams it must be styrofoam. WHM plumbing will speak with Frank.
- Patrons have been complaining about the speed of the computers and that they have to reboot a few times to finish work they were trying to do.
- Staff are also having issues with the same of the computers. The computers are freezing, shutting down without assistance.
- I have been observing patrons in the Library charging their cell phones, they are here from 10:00 a.m. to 5:00 p.m.. I also observed a patron standing outside charging his laptop on the Library outlet. Patrons have been observing charging phones and laptop all day long.
- Nicole Persaud is requesting permission that her husband Baljit Persaud be allow to use her library card to picking library material that are on hold for her.

Respectfully submitted by

*Ruby Boykins, Director*
